Sponsoring

Whereisthebus.nl is initiated by Global Benefit Foundation. The purpose of this foundation is to contribute to the publicity of charities. With the use of special and/or remarkable projects we generate attention for charities. When enough profits are generated, these charities will be financially supported. GBF select one or more charities each project which contribute to a sustainable solution for a better life on earth.

With whereisthebus.nl we support the following charities:

Distribution of the revenues:

| | |
|----------------------|-----|
| Dutch Cancer Society | 80% |
| NOTS development aid | 20% |

To create revenues for the charities the bus will be available for advertisement of sponsors. Companies can contribute in the form of a mileage allowance. An allowance of 1 Eurocent per kilometer over the total travel distance will cost €405. Of course it is possible to sponsor more "cents per kilometer".

If you want to participate in our project send an email to info@whereisthebus.nl.

You can also make a voluntary gift:

In the name of: Stichting Global Benefit Foundation
